

# GET IMMEDIATE HELP MAINTAINING YOUR PHONE SYSTEM

## IMMEDIATE VALUE:

- Maintenance packages and/or upgrade plans to fit your budget and business requirements
- Work with our experienced technicians, who are certified to service current model platforms and numerous manufacturer discontinued or "end of life" (EOL) phone systems
- Qualified and experienced technicians, capable of servicing numerous brands, and models of telephone systems and data technologies.

## Let us do the work for you.

Copper State Communications offers flexible maintenance contracts on your telephone system and IT technology enabling you to rest easy knowing all of your voice and data solutions are up and running when you need them.

## No matter the need, we can help!

Our experienced, certified engineers ensure your voice and data networks are running consistently, efficient and secure. Commitment to service, combined with technical expertise, diverse knowledge and resources to troubleshoot technical issues enables our ongoing 100% commitment to your growing business. Our success is measured by long-term relationships and trust that have been earned since our inception with a growing roster of loyal clients.

**Contact us to discuss how we can help support your current voice and data system or migrate you to a new technology.**
