Gentlemen:

I am writing this letter to express our satisfaction and appreciation for a job well done at our new Central Avenue branch. It is a pleasure working with a Company that is responsive, attentive to detail and knows the importance of communication.

We were very pleased with the quality of workmanship and the professionalism in which the work was performed. I received positive feedback throughout the process from our own techs and we look forward to working with the Copper State team on future projects.

Sincerely,

A handwritten signature in cursive script that reads "Frank Dubasik".
